### **ABOUT THE COMPANY**

Digital Recorders, Inc. is a digital communications technology leader in the domestic and international public transportation and transit security markets. Our products include: TwinVision® and Mobitec® electronic destination sign systems, Talking Bus® voice announcement systems, Digital Recorders® Internet-based passenger information and automatic vehicle location/monitoring systems, and VacTell™ video actionable intelligence systems. Our products help increase the mobility, flow, safety, and security of people who rely upon transportation infrastructure around the globe. Using proprietary hardware and software applications, our products provide easy-to-understand, real-time information that assists users and operators of transit bus and rail vehicles in locating, identifying, boarding, tracking, scheduling, and managing those vehicles. Our products also aid transit vehicle operators in their quest to increase ridership and reduce fuel consumption, as well as to identify and mitigate security risks on transit vehicles. Positioned not only to serve and address mobility, energy conservation, and environmental concerns, our products also serve the growing U.S. Homeland Security market.
